

Magnets

NVE offers several popular permanent magnets for use with magnetic sensors. In addition to individual magnets, NVE offers evaluation kits containing assortments of magnets, magnetic sensors, and printed circuit boards for sensor system development.

The following magnets are available:

12030 Magnets

12031 Magnets

12032 Magnets

12216 Magnets

12217 Magnets

12249 Magnet

NVE Part No.	Description	Dimensions	Evaluation Kit
12030	Ferrite Ceramic 8	0.125" x 0.25" x 0.50"	AG001-01
12031	Sintered Ceramic Disk Type 5	0.312" dia. x 0.125" thick	AG001-01
12032	Sintered-block Ceramic Type 5	1.0" L x 0.125" W x 0.39" H	AG910-07; AG911-07
12216	Round ferrite, Type 8 Disk	6 mm dia. x 4 mm thick	AG920-07
12217	Round ferrite, Type 8 Disk	3.5 mm dia. x 4 mm thick	AG920-07
12249	Split-pole ferrite disk	12 mm dia. x 4 mm thick	For use with AAT001 angle sensor
